

ASHLEY DIBUDUO

ASSOCIATE PRODUCT MANAGER

VANCOUVER, BC · ASHLEYDI.DEV@GMAIL.COM · [LINKEDIN.COM/IN/ASHLEYDIBUDUO](https://www.linkedin.com/in/ashleydibuduo) · [GITHUB.COM/ASHLEYDI-DEV](https://github.com/AshleyDi-Dev) · [ASHLEYDIBUDUO.CA](https://ashleydibuduo.ca)

Product and delivery professional with 15 years of experience leading high-stakes delivery in music, live events, and entertainment. Pivoted into digital product and front-end development through hands-on academic and client work. Combines user research experience, cross-functional delivery, and hands-on technical fluency in React and JavaScript — including leveraging AI tools to rapidly prototype and validate ideas. Eager to bring this expertise to an APM role and make an immediate impact where curiosity and structured thinking drive product decisions.

DIGITAL PRODUCT EXPERIENCE

Product Designer & Developer

(In Progress)

Personalized Style Guidance App · Personal Project

Vancouver, BC

- Designing and building a styling app that helps users identify their features and translate them into actionable recommendations — exploring profile systems, rule-based outputs, and intuitive UX for real-world styling decisions.

Project Manager — UX Research & Product Delivery

Oct – Dec 2025

FireWatch BC Wildfire App · Academic Project (BCIT)

Vancouver, BC

- Led user research revealing 0% of respondents had used a BC emergency app and 91% scored low on evacuation confidence — findings that directly shaped the product's core information architecture and MVP scope.
- Managed an 8-sprint Lean UX cycle from framing to validated prototype, coordinating all research, testing, and delivery milestones with a cross-functional team.
- Synthesized research findings into prioritized feature decisions: real-time mapping (91% user demand), community updates (73%), and offline access (46%) — sequenced into MVP scope based on stress-context usability signals.
- Tracked 47 tasks across 8 sprints in a structured sprint breakdown; all tasks completed on schedule with zero scope slip.

Product Owner & Scrum Master

May – Jun 2025

Velvet Room Restaurant Website · Academic Project (BCIT)

Vancouver, BC

- Held dual PO and Scrum Master roles for a 5-person cross-functional team across a 5-sprint Agile cycle, managing a 30-task backlog at 100% completion (58h estimated / 42.4h actual).
- Developed and prioritized 31 user stories across 6 epics; maintained backlog health and facilitated sprint planning, reviews, and retrospectives throughout.
- Coordinated design (14 tasks), content (11), dev (6), and reporting (3) workstreams with 18 high-priority items resolved within sprint commitments.

Project Manager — Waterfall Delivery

Jul – Aug 2025

La Notte Brand & App Concept · Academic Project (BCIT)

Vancouver, BC

- Led a 5-person team through 5 sequential delivery phases — concept, brand identity, app mockup, marketing collateral, and final presentation — using phased Waterfall methodology.

- Built and maintained WBS and Gantt charts to define milestones and sequencing; absorbed a mid-project scope change without a timeline slip through structured change management.
- Managed full task ownership tracking across 40+ deliverables spanning brand, UX wireframes, email templates, and design system components.

PROFESSIONAL EXPERIENCE

Customer Success & Strategy

Nov 2022 – Apr 2024

Haulix — Music SaaS Platform

Remote

- Spearheaded restructure and go-to-market launch of HAULIX+, a new add-on service, contributing to a five-figure revenue outcome within its first cycle.
- Partnered with product and engineering to translate feedback from 500+ global clients into actionable product insights during feature rollouts and deployment cycles.
- Identified user friction patterns in campaign workflows and surfaced structured recommendations to the product team.

Principal Consultant — Strategy, Delivery & Communications

Jan 2016 – Feb 2025

A12 Entertainment

Remote

- Founded and led an independent consultancy delivering end-to-end project execution across hundreds of campaigns, including 50+ large-scale live events (up to 40,000 attendees), national artist campaigns, and media operations for clients including Live Nation, AEG, and Synergy Global Entertainment.
- Secured media coverage in Rolling Stone, Billboard, Forbes, and national broadcast placements — managing high-stakes deliverables with no room for error.
- Directed cross-functional teams of up to 8, coordinating publicists, talent teams, venue staff, and security across complex multi-stakeholder environments.
- Built operational and communication systems from scratch for inaugural events, including governance structures, run-of-show timelines, and real-time decision frameworks under live conditions.

Events, Partnerships & Career Development

Jan 2020 – Nov 2022

Musicians Institute

Los Angeles, CA

- Planned and executed 120+ live and virtual events annually, managing full project lifecycles from partner outreach and logistics to post-event evaluation.
- Secured an exclusive educational partnership with a national music competition TV series featuring A-list talent — negotiated and structured from initial pitch through finalization.
- Brokered partnerships with Warner Records, Capitol Records, Red Light Management, and major gear brands to embed industry access directly into the student experience.

Publicist & PR Strategist

Aug 2009 – Dec 2015

Century Media Records · Victory Records · Indie-Pop Music · The Catalyst Publicity Group

Chicago, IL / Los Angeles, CA

- Managed simultaneous PR campaigns for 75+ artists across major label rosters, securing national media coverage — coordinating across label teams, publicists, and talent management under high-stakes, deadline-driven conditions.
- Built a publicity department from zero at an independent label — established media lists, campaign frameworks, and cross-department workflows from scratch.

EDUCATION & DEVELOPMENT

Diploma — New Media Design & Web Development

Expected Jul 2026

British Columbia Institute of Technology (BCIT)

Vancouver, BC

- Coursework in: front-end development, UX design, React, SQL & databases, project management methodologies (Agile, Waterfall, Lean UX), information architecture, responsive web design.

Associate of Science — Music Business

Completed

Musicians Institute

Los Angeles, CA

- Coursework in: grant writing, leadership development, research and development, legal and permits/contracts, publishing and licensing, sponsorships/endorsements, business plans, and more.
